VOL. XLII. UPLAND, CALIFORNIA, FRIDAY, JUNE 26, 1936. NO. 17

PEACHES HERE TO BRING INCREASED PRICE THIS YEAR

Eastern Crop Failures Will Make Market for California Fruit

HARVEST STARTS IN JULY

Crops in This District Are Good—No Local Canneries to Run

Peach growers in this district and throughout Southern California may expect better prices for their fruit this year because of a general shortage of peaches throughout the United States, coupled with the fact that the crop in California is a little larger than that of last year, says V. G. Lucas, local fruit grower.

Harvesting of Imperial cling peaches will begin about the middle of July, followed by the Tuscan cling. A fair crop for both varieties is expected. Crops of Sims and Peak clings are normal, while the Phillip is lighter in this district than a little south of here. The J. H. Hale is a failure throughout this territoryy, it not being adapted to the warmer weather here. Lovell and Salway freestones will produce a fair crop as will also the Babcock.

There will be no local canneries open this year. Fruit not shipped east will go to one of the three canneries that will run in Southern California or to the market. In general clings will be canned and freestones sold in markets. The Hemet Packing Co. has purchased much fruit in the local territory, while other fruit is expected to go to Burbank and Los Angeles canneries. Rumors are to the effect that one cannery may open in Pomona, but no official verification can be obtained.

"Although there will be a slight surplus of peaches in California, the unusual situation of a shortage throughout the east will prove beneficial to peach growers here," says Mr. Lucas. "Had there not been a loss of fruit in the Sacramento valley due to frost, there would have been an even greater surplus."

This year's crop in the state is about four per cent better than last year.

The peach crop throughout the United States this year is estimated at 40,000,000 bushels, which is but 75 per cent of the five year average of 55,000,000 bushels. Last year's crop was 52,000,000 bushels.

Crops throughout the southern states, with the exception of Georgia, were injured by frost. Those in the north were also damaged, some by cold weather. Good yields are anticipated in Utah and Colorado, but they will be below the average of past years.

"Due to injury to small fruits in the east, poor crops of apples throughout the country, and the shortage of Valencia oranges, coupled with the heavier crop of peaches than usual in California, peach shipment from this state will be heavier than in the past and a better price is expected by growers," says Mr. Lucas. "Buying power in the nation is now about 10 per cent better, and people are buying more fruit. Better times have contributed to this, but at the same time, production costs have been going up. However, fruit growers are optimistic for the coming season."

Owen Atwoods Return From Vacation Trip

Mr. and Mrs Owen E. Atwood and daughter, Miss Phyllis, arrived home Tuesday morning from a vacation trip of a little over two weeks, during which time they "picked up" a new car at Flint, Mich. They made a short visit at Rochester, Minn., with their niece, Mrs. Wm. Montgomery, formerly Miss Betty Bodenhamer of Upland. She and her husband went to that city a few weeks ago and he expects to attend the University of Minnesota at Minneapolis next year.

At Tingley, Iowa, boyhood home of Mr. Atwood, they visited relatives, also spending a couple days at Lincoln, Neb. In Denver, Colo., their new car was damaged when an elderly man driving an old car struck them. There they were delayed two days until repairs could be made. Nobody was injured in the collision.

Old Adobe Structure at Nisbet Home Is Being Rejuvenated

Built of adobe brick by Mexican architects in 1887, rejuvenation is now under way upon the home of Mrs. Thomas W. Nisbet, 200 East Thirteenth street. This romantic old dwelling has one of the most colorful histories of any in the Upland community.

First used as a winery by its original owner, John Tays, many secrets of early Mexican construction were employed in the building. One arch in the basement, built in a perfect semi-circle at the top, uses the "supporting key" at the top—a trick in construction that the whole arch depends upon for staunchness.

The soil to make the adobe brick was scooped out of the cellar and formed into walls two feet thick. Mr. Tays was an advertent traveler, and he secured many of his ideas for the structure from his excursions into South America and Mexico. After the building had been used for some time as a winery, the owner decided to become a farmer, so part of the building was changed into a hay barn. This part of the structure is still in its original form, and the doors in the hay loft may still be seen. To one side of the barn is a small blacksmith shop, which still stands unused, with cobwebs covering the place reminiscent of the horse and saddle days.

When the valley became a great citrus district the winery and farm periods of the adobe structure were forgotten, and the barn became a place to store oranges and lemons. Before coming into possession of the Nisbets the place was owned by a former senator from Iowa, O. C. Hubble, who later sold to the elder James Paulin.

Down to the original walls, workmen are now stripping away nearly all the additions that have been made to the old building.

"We plan to build a sun porch along the side of the old house," said Mrs. Nisbet, pointing to a graceful arch in the side of the building, which, when viewed from the porch, will offer an enchanting air of early Spanish life. "These thick walls make our home so cool in the summer and so even in temperature in the winter that we couldn't bear to think of the old house ever coming down," Mrs. Nisbet remarked.

AQUEDUCT PIPE LAID HERE SOON

Excavation Now In Progress on Fifth Street—To Connect With Cajelco Dam

Actual laying of the Metropolitan aqueduct line, which has been prepared for in this district for the past two years, is starting this week as workmen excavate the big ditch along Fifth street in Ontario and lay the huge sections of pipe into place.

Constructed of huge cement pipe, declared the largest in the world, the line will be a link in the distribution system of the Metropolitan Water District, which is to bring water from the Parker and Boulder dams in the Colorado river.

This pipe line will connect with Cajalco reservoir near Riverside and link 13 southland cities that are members of the water district with this vast new supply of water.

Each section of this pipe weighs 42 tons and has an inside diameter of 12 feet. Two plants in the West End are working at full speed in constructing the pipe. The plant at Rochester, which has been in operation several months, is being supplied with gravel from the Commercial Rock Co. of Upland. The Shay Co. recently began operations at a newly constructed plant near Central avenue and the Pacific Electric tracks.

Headquarters for the Metropolitan Water Co. in this district are located at 139 Euclid avenue, Upland, where proceedings in the West End have been centralized.

Engineers have surveyed and charted the progress of this huge project through the surrounding territory during the time that they have been in this district.

Auxiliary to Sons Holds June Meeting

Reports of work done and announcement of coming events featured the regular June meeting held Tuesday evening by the Woman's Auxiliary to Alois Podrasnik camp, Sons of Veterans, in the Ontario American Legion hall. Mrs. Leslie Strawn, president, conducted the meeting.

F. E. O'Brien, of the Sons, reported 258 bouquets were made and 145 flags were placed on the graves of G. A. R. comrades on Memorial day.

The picnic held annually in Lytle Creek canyon has been postponed until July 19, it was announced by the committee in charge.

Mrs. Iola Hunt, department president, and her staff will be the honor guests at a reception to be held for them tonight at 8 o'clock in the Knights of Pythias hall in Riverside, and an invitation to the local Auxiliary to attend was read during the meeting.

Mrs. Elinor Graves, past department president, was present and was extended the courtesy of the grand salute.

Several short talks were made, including one by Mrs. Graves.

The next meeting will be held on Tuesday, July 28.

HOPES REVIVED FOR POSTOFFICE

Over 300 Public Structures Sanctioned as $60,000,000 Appropriated

Hope for a federal building in Upland to house the postoffice is again revived since word from Washington states that $60,000,000 has been appropriated for 321 public structures throughout the United States. A new building for Riverside is one already approved for construction. It is thought locations for other such buildings will be announced soon.

Some time ago all necessary data was forwarded to Washington by Postmaster Orton P. Brady. In this were included figures at which various locations can be purchased, these being on East Ninth street and also on Second avenue.

Lease on the building in which the postoffice here has been located for a good many years expires next February. Just what action the postoffice department will take in the matter is anxiously awaited by many Uplanders. Nearly $60,000 was allocated for such a building here some time ago, but the actual appropriation is yet to be made.

Dr. Farmer Suffers Painful Injury in Bicycle Collision

Victim of a traffic accident, Dr. W. R. Farmer is today wearing bandages on his painfully injured nose.

On his way home late Monday afternoon, Dr. Farmer was proceeding east on Washington boulevard and as he turned the corner onto Campus avenue sidewalk he was struck by a bicycle ridden by William M. Lewis, 16, of 393 Campus avenue.

The force of the impact catapulted the rider from the bicycle, his head striking Dr. Farmer's nose and separating the bones in a way that necessitated a painful surgical operation. Dr. Farmer's glasses were broken and his clothes torn in the fall and he sustained severe bruises on his body, as did young Lewis.

The boy is said to have been hurrying to his place of employment when the accident occurred.

Contractors Asked To Renew Licenses

Contractors who secured their licenses last July 1 will have to have them renewed this July 1, announces Ernest Mehl, city clerk.

Although mast licenses were secured for the Jan. to Jan. 1 period, instead of the July 1 to July 1, there are a number of builders who will be required to renew the licenses within a few days. Mr. Meh wlarns that anyone engaged in carpentry, whether a contractor or not, must secure a city license. The fee is $30 per year.

Licenses are issued for the calendar year, and also from the first of one July to the following July 1.

Laddie, Lost for Day, Comes Upon Master in Store

Laddie was lost but he came back.

A dark brown and white English Springer dog, Laddie is the property of Bob Stump of the Waterman garage, 123 Euclid avenue. Thursday morning he disappeared from the pen where he is kept in the Stumps' back yard. Mr. Stump immediately notified the Upland police and a hunt was made.

This noon Mr. Stump was in the J. J. Atwood Co.'s store on Second avenue and in walked Laddie, following Howard Mason of Hillcrest drive.

Ernest Gibson Home From Oxford Group Meeting in Boston

Ernest H. Gibson, 1010 Euclid avenue, returned yesterday morning from the meeting of the Oxford Group in Boston, Mass. At this enthusiastic gathering there were days when the attendance ran as high as 10,000, members of the Group coming from Canada as well as the United States. Outstanding men of many countries appeared on the program, including the Oxford Group international team. Mr. Gibson's son Ronald, who drove to Boston with him, is accompanying this team on a more extended tour and will not be home until later.

While away Mr. Gibson took advantage of the opportunity to visit relatives in various places, including uncles in Washington, D. C., New York City, Mansfield, Ohio, and Chicago. He was accompanied home by his uncle, John C. Gibson of the latter city, who will spend some time here. This is his first trip to the west and he marvels at our massive mountains and is enjoying many other features different from the east, including more comfortable temperatures.

Mr. Gibson states that it was extremely hot in Missouri, Oklahoma, New Mexico and Arizona, and in some sections very dry.

He drove to Arroyo Grande yesterday to bring home Mrs. Gibson, who has been visiting there while her husband was away.

COUNTY WPA SCALE TO BE REARRANGED

Reduction in Number of Work Hours Expected, But Same Pay Per Month

With the return of District WPA Director Ralph Smith to San Bernardino from San Francisco it is announced that plans for adopting the prevailing wage scale for WPA workers in the county will be made when scale schedule is received from state headquarters.

"Paying the prevailing wage does not mean," the director explained, "that workers will receive more money. They will receive the security monthly wage of from $48 to $77 in this district. The change only means that they will work fewer hours."

Before he can definitely commit himself on the new work relief program, Director Smith must wait for word from state headquarters of a definite wage scale for the district, he declared.

The scale has been drafted by local labor interests and employment experts.

The director states restrictions making only those on relief between last May and November eligible for WPA will be lifted. Just how the ban will be lifted in San Bernardino county is contingent, he said, upon whether an additional $9,000,000 per month is allocated to the WPA in California.

Whether California's WPA can hire an additional 100,000 workers as announced by Federal Administrator Harry L. Hopkins is also contingent upon increased funds, the district director explained.

"Under the prevailing wage," Director Smith declared, "common laborers in this district who now receive $48 monthly will still work about the same number of hours, or 120 hours a month. This is because the prevailing hourly wage is low.

"The semi-skilled workers will work about 85 or 95 hours instead of 120. The skilled workmen, such as carpenters, will work only 70 hours a month. Their prevailing wage is approximately $1 an hour and their present security wage $70 a month. Since they can receive only $70 monthly, they will have to work only 70 hours."

Pointing out the effect of this wage setup on projects, the director said it would eventually tend to cut down projects requiring much skilled labor to projects such as dams and roads.

CANNOT COMPLETE CHAFFEY PROJECTS BY OPENING DATE

Liberal Arts Building, Unit of Bleachers and Football Field Ready

MUSIC BUILDING IN DOUBT

New Gymnasium Not To Be Finished in Time for Basketball Next Season

Of the numerous building projects now under way on the Chaffey campus under the WPA only the Liberal Arts building for the high school, one unit of the football bleachers and the football field are expected to be completed by the beginning of school in September, according to Carl Nicholson, building superintendent.

Definite word is that the new gymnasium will not be finished in time for the basketball season next year, necessitating the use of the old gym for one more season. As soon as the first unit of the new football bleachers on the high school side of the field is completed, another unit of the same dimensions will be started on the north, or junior college side.

It cannot be definitely stated yet whether the music department building, which is to be connected with and in front of the proposed gym, will be finished by the start of school.

"Completion of the music building by September depends upon whether we can get men for certain types of skilled labor from WPA rolls who will be necessary to complete the structure," says Mr. Nicholson. "We are using every man we can on the liberal arts structure now, so that it will be ready for school."

Seed has been planted on the new football field, and by the start of the season it is expected a heavy sod will be available. Cement curbings have been placed around the field, and men are sifting the soil to make a track.

Several new tennis courts will be started on the campus next year.

When DeVon Francisco, assistant fire chief, left last week for Guerneville on the Russian river to attend a Red Cross first aid and aquatic school for instructors, he was accompanied as far as San Francisco by Mrs. Francisco and their small daughter Bettie Fae, who are visiting in the bay city with Mr. Francisco's sister, Mrs. B. A. Harkins. The school will close shortly and Mr. Francisco and family will return home.

Police Blotter

Seven persons arrested by Forest Ranger Herbert Allison were before Justice Fred H. Jacobs in the Upland justice court this week.

Virgil Long of South Gate appeared today, and was assessed a $25 fine, $20 of which was suspended. Earl Brown was scheduled to appear today, but telephoned and posted $5 bail. William A. Kinney of Sierra Madre, also supposed to appear today, wrote and ald, L. F. Fitzgerald, J. W. Freeman and Virgil Stewart, all of Los Angeles, forfeited $5 bail this week.

In Upland city court yesterday Donald Athey, Pomona, was judged guilty of disturbing the peace and was fined $10 and given 30 days in jail—a stay of execution of the jail sentence being given for 30 days while Athey's wife is in the hospital. Mrs. Mary Shipman of 845 Fifth avenue signed the complaint.

Patrick Brennan, 540 West street, was arrested on Thursday morning by Officer Ralph Dark on a charge of disturbing the peace. Brennan is charged with becoming intoxicated and using abusive language, causing annoyance to neighbors. He has been in Judge D. J. Burlingame's court before, having been committed to the hospital at Sawtelle on Feb. 10 of this year for 30 days.

Upland Citrus Growers Given Story In National Magazine

Upland and its citrus industry are being given much nation-wide publicity in the July issue of the Fortune magazine, which is just out. In the magazine an article on "Co-operation at a Profit" is devoted to the California Fruit Growers Exchange with considerable space given to Upland's share in the co-operative.

With Upland as the base, the author explains what an exchange is by showing the work of the grower, as represented by George G. Laidlaw, 1465 North Euclid avenue. In describing the packing house he takes as his example the Upland Citrus association, managed by Archie J. Neilson.

In discussion of the district exchange Upland is again represented by the Ontario - Cucamonga Fruit Exchange, of which Harry B. Harlow is manager. Mr. Harlow's duties in selling, supervising packing associations and in directing acreage and membership are explicitly given.

Several pictures of the citrus industry, taken in Upland, illustrate the article. A characteristic pose of Mr. Laidlaw, his grower's sign, and of the brush burner he invented are shown.

BLAME TRANSIENTS FOR WORK PROBLEM

WPA Director States Migratory Workers Take Jobs From County People

C. E. Grier, chairman of the board of supervisors, and Ralph B. Smith, WPA director, have expressed the same opinion regarding transients coming into San Bernardino and their effect on labor conditions. Both have stated that were it not for transient farm workers taking jobs away from local labor there would be practically no labor problem in the county.

Only about 40 relief workers are expected to be referred to agriculture next month, though nearly 100 jobs will be available. Total of agricultural jobs opening in July is expected to be about 2000, which number will be required in addition to the regular farm hands. Most of the jobs will be filled by men leaving other crops.

Although employment in San Bernardino county has been increasing to nearly 1,000 placements a month through the state employment service alone, the large number of relief clients in the county has decreased only 2,099 since June, 1935.

Composite figures of the various relief organizations show that there were approximately 37,224 persons on relief on June 1, 1935. On June 1 of this year, there were 35,125 persons on relief, or 20 per cent of the WPA'S present estimated population of the county, 171,485.

Last year at this time San Bernardino county had next to the heaviest relief load in ratio to the population of any of the 58 counties in the state, SERA reports show.

Based on the 1930 federal census of 133,900 persons, approximately 27 per cent of the county's total population was on relief. Totals of the SRA, WPA and county welfare show that there are now, based on the same census figures, about 26 per cent of the people on relief.

Actually, however, the population has increased and the figure of 20 per cent of the total population is more accurate.

In explanation of the large number still on relief, despite efforts of the relief agencies and state employment service to lower the total case loads, Assistant Director E. W. Tildesley of the county SRA declared:

"San Bernardino county is the gateway to Southern California. Many unemployed persons or visitors coming to the southland stop here.

"Then, too, a considerable part of the county is desert. Homesteads on the desert are still offered by the government free to anyone. Sandy soil and desert conditions have forced a number of homesteaders on relief."

Former Resident Died at Home In Wilmington

From S. M. Love, who moved from Upland to Manhattan Beach about a year ago, comes word of the death of James S. Gundy, who passed away at his home in Wilmington several days ago and was buried in the cemetery at Inglewood. Mrs. Gundy died in Upland some years ago and is also buried at Inglewood.

The Gundys lived in Upland more than 20 years, he having been an employe of the San Antonio Water Co. Following the death of his wife Mr. Gundy moved from Upland six or seven years ago.

He is survived by two sons—Alton of Pomona and Arthur of Wilmington.

PETITIONERS WANT FOURTH AVE. WIDER

Petition Being Circulated by Residents From Eleventh to Foothill

Residents of the south portion of Fourth avenue, extending from Eleventh street to Foothill boulevard, are today circulating a petition asking Upland city council to either condemn or to force assessment of a strip of property 620 feet long and 16½ feet wide, owned by F. A. Dickley, so that the north portion of Fourth avenue, which is now only of partial width, may be expanded to its full width throughout its entire length.

Disagreement on the facts of the situation have arisen between the property holders on the south part of the street and Mr. Dickley. The singers of the petition maintain:

(1) That 16½ feet has been already donated by one or more property holders on the east side of Fourth avenue.

(2) That when the east-siders gave their strip of property it was with the understanding that a like number of feet would be given or secured on the west side, but that this has not been done.

Mr. Dickley contradicts the declarations made by the petitioners, and says:

(1) That property holders on the east side of Fourth avenue did not donate the strip of land now used as a one-lane road. That is was specified as a road by Francis Luce, who originally subdivided. Furthermore, the strip of land that is now used as a road includes only nine feet as a road, the rest being taken up by sidewalk; and that if he were forced to give up 16½ feet plus the additional footage necessary for a sidewalk it would entail the removal of 25 lemon trees.

(2) That on two occasions people have come to him and requested that he donate the strip free of charge, no offer of cash remuneration having been made.

"I am perfectly willing that Fourth avenue should be widened, providing that some disinterested person evaluate the trees and property, and that a satisfactory price is offered me for my land. But I do not feel that I should be forced to give up a wider strip of improved land than the strip of unimproved land that the people of the east side have claimed to have donated," says Mr. Dickley.

It is expected the petition will be presented to the city councilmen at their next meeting.

Former Citizen of Upland Is Dead in Liverpool, England

A message was received Thursday by Mrs. Alice Shingler telling of the death of Mrs. George Ostick in Liverpool, England, on June 8.

Mrs. Ostick, formerly Mrs. Edwin Browne, resided in Upland from 1906 to 1922. Mr. Browne died in 1920 and Mrs. Browne went to England to live. She later married the Rev. George Ostick, whom she had known since childhood.

While in Upland Mrs. Browne was an active member of the Presbyterian church and since her departure for England she had maintained a regular correspondence with Mrs. Shingler and several other friends, exchanging Christmas and birthday gifts and greetings. It was on her birthday, June 25, that her friends here received word of her death. They had mailed birthday greetings to her several days ago.

COUNTY ROAD PLAN CALLS FOR REPAIR ROADS IN WEST END

Supervisors Recommend Program for Year Requiring More Than $200,000

REPAIR HEIGHTS DAMAGE

Wilson Avenue Work Included—Alta Loma and Cucamonga Jobs Also

The board of supervisors has recommended a county wide road plan for the next fiscal year, beginning July 1. Included in the many projects are new construction, reconstruction and repair projects. Cost of the completed projects is estimated at $215,000. Included is the proposed paving of six miles of Base Line to create another east-west highway in the county, it being the plan that this shall be a modern highway from the west county line to the San Bernardino city limits.

Under the new state law, effective July 1, the supervisors suggest tentative road programs and these are passed on to the county planning commission. There are 168 separate projects included in next year's plans as suggested by the supervisors. To meet with the approval of the planning board roads to be constructed must be in accord with a strict standard of traffic demands—and traffic counts will be checked to determine needs for the various roads.

Among the reconstruction plans considered in Wilson avenue in Upland from Sixteenth street to Twentieth street, estimated cost $1400.

San Antonio Heights flood damage area is to be repaired in a joint WPA project costing $2700, while $2835 is set aside for road work on the Heights, some oiling and surfacing being called for.

At Alta Loma improvement of Base Line from Carnelian to Amethyst is proposed, cost $2000; on Lemon street southwest of Lomita drive an expenditure of $400 is specified. An expenditure of $1200 is set aside for work on Eighth street between Archibald and Turner in Cucamonga, while a joint WPA storm drain project on Turner avenue from Eighth street to the Southern Pacific tracks is also included.

Committee To Meet To Draft Campaign Against Single Tax

Plans of campaign against the repeal of the sales tax and substitution of the single tax will be launched at San Bernardino next Monday when the county committee meets, and members of the Upland committee are expected to attend.

This county has one of the largest groups in the state that is fighting this proposed change. Perhaps no other issue to appear on the November ballot so vitally affects the people of California as the so-called Ralston amendment. This single tax proposal has been so cleverly hidden behind the repeal of the sales tax that many do not realize the burden of all taxation would eventually fall on land should it be adopted by the voters.

Upland members of the county committee against repeal of the sales tax are Avery Allen, F. C. Buffington, Allan Barr, W. K. Beattie, Harold W. Cook, C. E. Grier, H. M. Guy, C. E. Kirk, John Howe, Perry O. Long, Earl E. Marsh, R. C. Norton, Donaven E Palmer, Mrs. Ray Sherwood, J. H. Siegrist.

Odd Fellows Plan Supper to Follow Meeting Tuesday

Members of Euclid lodge No. 68, I. O. O. F., are looking forward to the lodge meeting next Tuesday evening with more than ordinary interest.

The meeting will be held in the I. O. O. F. hall at 7 o'clock, an earlier hour than usual, and Harold B. Anderson, noble grand, will conduct a brief session. The men will then adjourn to the garden of the John Swoap home, 297 North Haven avenue, Cucamonga, where they will enjoy a picnic supper and smoker.

TODAY'S BIBLE VERSE

"Jesus of Nazareth . . . went about doing good."—Acts 10:38.

"If You Like Him Let Him Know It"

One of the readers of The News is apparently of the opinion that people as a rule are not very thoughtful in expressing their appreciation of others. In writing to us this party made particular reference to the retirement of Dr. Bert Foster as pastor of St. Mark's Episcopal church of Upland, and Dr. R. C. Stone, who will retire from his work as minister when he finishes twenty-five years as pastor of the Presbyterian church the first of next year.

The writer says the retiring of these men "from active service suggests to me the thought that before they leave their respective congregations they might advise them to get a copy of the book, 'Not In His Steps,' or 'What Would Jesus Do?' It would do the members of all churches good to get this book and read it."

We believe the writer is right in her contention. People as a rule are not given to expressing praise and appreciation of their fellowmen. We humans seem to have the bad habit of criticising too much. If we were as generous with our praise as with criticism we would make our friends and relatives much happier. There is none whose heart does not warm at the expression of approval by a friend—while the opposite is true when rasping criticism is heaped upon one.

A minister is in position to exert great influence for good in a community—and we believe these two "servants of God" have conscientiously and effectively performed their duty to their church and the community they serve. They have now reached the stage in life where they deserve a happy and contented retirement. This we feel certain is what the people of Upland wish for them—although many may not have told them so.

Our correspondent further says: "You may feel it an opportune time to print these few lines by Kirticos":

If with pleasure you are viewing any work a man is doing:
If you like him or you love him, tell him now.
Don't withhold your approbation till the parson makes oration,
And he lies with snowy lilies on his brow.
For no matter how you shout it, he won't really care about it—
He won't know how many teardrops you have shed.
If you think some praise is due him, now's the time to slip it to him,
For he cannot read his tombstone when he's dead.

More than fame and more than money, is the comment, kind and sunny,
And the hearty, warm approval of a friend.
For it gives to life a savor, makes you richer, stronger, braver—
Gives you heart and courage to the end.
If he earns your praise, bestow it; if you like him, let him know it—
Let the word of true encouragement be said.
Do not wait till life is over and he's underneath the clover,
For he cannot read his tombstone when he's dead.

—o—

Why Not Divert Highway Funds

We note that the California Highway Council has been incorporated and that the primary purpose of the organization is fighting diversion of highway funds for other than highway purposes. As we have said in this column before—we believe there are things more needed in California at this time than more roads. It might not be a bad idea to divert some of the vast highway funds toward relief expenditures, for instance. With California many millions in debt and with prospect that the debt will grow instead of being decreased for some time a little diversion of highway funds might not be out of order. Judging by the way old roads are being torn up and new ones built it impresses us that the highway authorities may be finding it difficult to find places to spend all the money coming in. If diversion is not in order—how about a reduction in the gas tax?

The following argument by the LaHabra Star has our approval:

"In general we are in sympathy with the avowed purpose of keeping highway funds for highway purposes, but these past few years California has been in the incongruous position of having built up an enormous deficit in her general fund, with too little money available to meet emergency expenses, while at the same time there was more cash in the highway fund than was needed for necessary construction and maintenance.

"Suppose you as a householder had budgeted your income, with a certain sum allocated to clothing. Then comes an emergency which causes you to spend twice as much for medical attention as you had budgeted for that purpose. Would you borrow the money to pay the doctor (or let him wait) while you went ahead and spent your clothing allowance for clothes you did not really need and could get along without?

"Common sense would tell you to switch your budget accounts to meet the emergency, and get along with the old duds for a while.

"We recognize that Sacramento is always full of raiders who would love to dip their hands into the nice, fat highway fund. It is right that they should be thwarted in their designs, but it does not seem to us that the correct answer is to fight to maintain the fund just as it is always and forever.

"Common sense should say that it was right and proper to use surplus funds for legitimate emergency, even if they were not originally designed for that purpose.

"Furthermore, common sense should say that the taxpayers could stand some relief through a reduction of gasoline and automobile taxes, when part of the money raised by those taxes is spent in unnecessary and expensive improvements, or when it piles up to such an extent that private citizens have to organize themselves to protect it."

—o—

We're surprised that long before now Postmaster General Farley has not been named "Gas Bag" Farley. Certainly would be a most appropriate nickname—he has become so inflated with gas a number of times that he has exploded quite frequently. Much to the embarrassment of the administration.

—o—

Why is it that some people prefer a front seat at the movies—and look for a back seat at church?

—o—

They say Shirley Temple is reducing. But not her salary, we surmise.

Galleon of Dreams

One Week of Life

I have lived one week
I won't forget,
Though years have passed
It thrills me yet.
Through eyes of youth
One week I view,
When life held all
And all was you.

We wandered idly
On the sands,
Held golden rainbows
In our hands.
Oh, life was sweet
For you were near,
What cared I of sorrow,
Grief or fear.

And then, dear heart,
You were called away.
I could do nothing
But stay and pray.
I have lived one week—
One week so blessed,
Though lonely and waster
Were all the rest.

—Annie L. Towler, Ontario

Light for the Years

Spring, summer, autumn, winter, come and gone;
Here is the book we read together, here the sun
Still slants across your chair, and here your glove—
But not your voice for long as time shall run.

And other springs will come, and summers die,
And autumn days shall weep their bitter tears,
And I shall see the sun across your chair,
While endless months are lengthening into years;

But one thing shall go with me like a clear
Bright beam of light, illuming all my day—
Your gallant smile, your laughter's shining spear,
With which you fought, death cannot take away.

—Viola Perry Wanger

To Rev. Foster

(Printed by request of his many friends).

As light truly signifies a source,so,
One look upon his face, at once I know
Christ lives within.
Tempests there must have been, bright days and dim.
No inward storm could ever conquer him.
His spirit shines a benediction calm,
With love uplifting as a cherished Psalm;
As though God spread all beauty on the sky,
The waning end of day to glorify.
I know no greater gift He could bestow,
Than this, for man to recognize, to show
Christ lives within.

—Emma E. Thayer

Open Sesame

Within the hollow of my hand
Are gifts of magic worth.
A bit of whimsicality,
Much capability for mirth.
Some stuff from which
I weave my dreams;
Some effervescent bubbles
Made of foolish schemes.
Some tools from which
I hope to paint my words with flame.
And there I keep my soul companions
No one else may claim.
Small knowledge I have stored
For future needing of the cup—
And when I say the word I know
My hand will always open—up.

—Mina Shafer

Rose of Love

There is one rose within my heart
I know will never fade,
This one sweet rose you gave to me
When you were but a maid;
Though years have passed,
And you are gone,
And I am old and grayed,
This one sweet rose
Blooms in my heart—
I know 'twill never fade.

—Don Towler, Ontario

Crescent

I was almost asleep when I met him,
The man in the moon was he;
The crescent sailed toward the great north star,
Said the man in the moon: "How happy we are,
As we sail the starry sea."

—Florence Foster, Alta Loma

Work

How shall I ever get it done!
The work I have to do
Before I die: I wonder now
Does your work worry you?

—M. Connelly, Ontario

FHA Loans in County More Than $300,000

In San Bernardino county, from its inception and up to and including March 31, 1936, the Federal Housing Administration accepted 109 mortgages for insurance, totaling $339,518, it was announced by Donald Renshaw, state director for California for the National Emergency Council.

It was also revealed that for the entire state 5,991 mortgages were accepted for insurance totaling $25,997,706.

The purpose of this agency, the law says, is to stimulate repair and modernization of homes to the end that employment may be increased and living conditions improved. Local lending institutions are insured against loss on account of loans made for home improvements up to 20 per cent of the aggregate amount of the loan. A long term mortgage insurance program is operated, the purpose of which is stated to be to bring about reduction in interest rates, to render more nearly uniform lending and appraisal practices, and to check disastrous declines in real estate values in times of depression.

Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

DOAN'S PILLS

An event of particular interest to many throughout the West End will occur Sunday, when the new First Church of Christ, Scientist, will be formally opened. The church has just been completed at the corner of Euclid avenue and G street in Ontario and is one of the most attractive church buildings in the community.

All differences between the Chaffey high school board and the federal vocational bureau, which has been sending men to Chaffey for vocational training, have been adjusted and the federal board will continue to send men here.

Mr. and Mrs. A. H. Bridge of Alta Loma spent yesterday in Los Angeles and enjoyed seeing the current popular play, "Abie's Irish Rose."

Twenty-five members of the men's glee club of Bluffton college, Bluffton, Ohio, are coming to Upland early in July and will present a concert in the Upland junior college.

Mrs. V. H. Wilson and Mrs. O. P. Brady returned Thursday from a week's motor trip that took them to Yosemite valley.

Mrs. I. C. Baxter and Mrs. A. R. Hungerford returned Wednesday from Palo Alto where they went by motor to see Mrs. Hungerford's son, Beecher Hungerford, graduate from Stanford

Mr. and Mrs. James Paulin and family and Miss Eleanor Schaap left early this week for San Diego, where they will spend the summer.

Mrs. W. F. Naftel of West Tenth street will leave tomorrow on the Southern Pacific for Crowley, La., for a family reunion with her mother and her brothers and sisters.

Mr. and Mrs. J. M. Springer, Miss Denzil Springer and Darrell Springer are preparing to leave next week for Torrington, Wyo., where they will spend the summer.

Mr. and Mrs. Daniel S. Krehbiel and their daughter, Miss Esther Krehbiel, and son, Elmer Krehbiel, have gone to Berkeley, where Miss Krehbiel and her brother will enter the University of California for the summer session.

Mr. and Mrs. F. H. Manker and two sons, William and Robert, will leave Sunday for Yosemite where they will spend a two weeks vacation.

Mr. and Mrs. Alois Podrasnik and Major and Mrs. R. R. Harrington will sail Wednesday from San Francisco on the steamer Maui for Honolulu, where they will spend a month.

Mrs. D. M. Kirkwood has returned from a pleasant visit with friends in Long Beach. She was accompanied home by Mrs. C. E. Marrs and two children, who will visit here for a week.

Mrs. Philena Hall left today for her former home at Poy Sippi, Wis., where she will spend the summer with her sister.

Complimenting the Misses Edith and Mary Handyside of Oakland, Miss Keniston and Miss Maude Cooke of Honolulu, and Mrs. C. F. E. Lewis of Los Angeles, Mrs. G. A. Hanson entertained yesterday for a group of friends from Upland and Ontario.

Mr. and Mrs. Harry Fies motored to Sunland, near Pasadena, Sunday and joined several relatives from Los Angeles in a delightful picnic. Mrs. Fies remained over in Eagle Rock to visit this week with her sister.

10 Years Ago News Of Upland as Seen In The News Files

Thirty San Bernardino and Riverside county druggists, members of the Southern California Pharmaceutical association, and their wives, enjoyed a banquet last night at The Sycamores, P. H. McQuillen, of Mac's drug store, was master of ceremonies.

Mr. and Mrs. J. M. Berry have sold their ranch and home on Euclid avenue at Twenty-second street to Mr. and Mrs. C. T. LeTourneau of Ontario, who will occupy their new home at once. Mr. and Mrs. Berry will leave immediately for their former home at Pocahontas, Iowa.

Red Hill Country club will hold its observance of the Fourth of July on Monday, July 5, with one of the biggest displays of fireworks ever held in the West End and a first class funeral. Although the fireworks will be the main feature, the event that will bring joy to the hearts of the club officers and members will be the funeral. Following the obseques to be pronounced by President J. W. Heinecke, the cremation will take place and shouts of joy will rend the air as flames wrap themselves about the victim and gradually reduce what was once a mortgage to black ashes that will be scattered to the four winds from the highest point on Red Hill.

L. R. Bradley and I. H. Eshelman have completed an exchange of homes and Mr. and Mrs. Bradley are now nicely located in their new home at the corner of F street and First avenue, formerly the Stanton residence. Mr. and Mrs. Eshelman are occupying their new home at 1293 East Ninth street.

Loren Long, who is employed at the Commercial National bank, and his brother, Harold Long, have returned from Yosemite where they spent their vacation.

Mr. and Mrs. E. C. Rosenberger and their children, Blythe and Dorothy, will leave tomorrow for a two weeks outing at Balboa Beach.

Mrs. S. A. Nash, who has been visiting at the home of Mr. and Mrs. H. G. Koster, left yesterday for her home in Jonesville, Ark.

Mr. and Mrs. H. L. McLellan and their son, Tommie, returned yesterday from a trip to Yosemite and a visit with Mr. McLellan's parents in Fresno.

Mr. and Mrs. Thos. W. Harris, 517 East Twelfth street, are enjoying a visit from Mrs. Harris' sister, Miss Margaret Harris, of Fairfield, Iowa.

Mr. and Mrs. S. M. Jessup have as their guests Mr. and Mrs. Frank Darby of Tipton, Ind.

Mr. and Mrs. H. W. Hawkinson and son William left yesterday for a motor tour of the national parks in the western states. They expect to be away for more than two months.

Mr. and Mrs. F. H. Manker are having their home at the corner of Second avenue and F street remodeled, enlarged and redecorated.

Mrs. Geo. L. Winter and Mrs. C. V. Calhoun will go to Los Angeles tomorrow to attend a meeting of the new executive board of Southern district, Business and Professional Women's clubs.

Mr. and Mrs. Mark H. Bailey were in the audience in the Hollywood bowl last night when the Indian opera "Chenewis" was sung by a group of well known artists. Mrs. Bailey's niece, Miss Martha Campbell of Pasadena, was one of the characters in the grand costume ball and impersonated "Priscilla."

Mr. and Mrs. James A. Dinger left yesterday for Iowa, Minnesota and North Dakota, where they will spend the summer visiting with friends and relatives.

With Dr. E. P. Kermott as pilot and F. W. Palmer and E. H. Sanford of Claremont as passengers, the distance between Upland and Yellowstone park was negotiated between Wednesday and Sunday. The men report they are having a wonderful time.

Mr. and Mrs. Warren Phillips and children motored to Newport Beach Sunday and enjoyed a dip in the ocean.

California History

History of California counties is of interest to many and another installment in the series is published here.

Modoc County

Created February 17, 1874. This county derived its name from a fierce tribe of Indians by that name, which means "the head of the river," and who lived at the headwaters of the Pit river. General O. O. Howard, in an article in the St. Nicholas magazine for May, 1908, page 624, states that the Indian name of the tribe of which Modoc is a corruption is "Maklahs," and means "The People."

Famed for its hunting, fishing and scenic attractions, Modoc also boasts of 450,139 acres under cultivation, 70,325 of which are under irrigation, and is noted for its fine strains of cattle and sheep. The county has 53,193 head of cattle and more than 125,000 sheep. Dairy products are increasing in importance.

Modoc is one of the few remaining sections of the state whose virgin timber resources remain practically untouched. It is estimated that 1,000,000 feet of lumber could be cut daily for 200 years, at the end of which time reforestation would have provided a new growth for cutting.

During the gold rush to California's Mother Lode far to the south, many pioneers traversed this country, which was known to the Indians as "The Smiles of God." The warlike Piutes on the east and the still fiercer Modocs on the west discouraged the white men and settlements were not in evidence until the late sixties. The Modoc lava beds were the scene of the Modoc war of 1872-73. Soon after the Modocs had been removed against their will to the Klamath reservation, some 150 braves led by Captain Jack, young Modoc chief, left the reservation, secreted themselves in the lava beds and began depredations against the whites. Troops sent against them were routed. Washington ordered a peace parley and a commission headed by Brig. General Edward S. Canby met Captain Jack and his subchiefs under a flag of truce. The general was shot and killed and Captain Jack, who escaped, but finally was captured and hanged at Fort Klamath on October 4, 1873. Population 8,038; area 3823 square miles.

Aircraft Principles Learned in Building Two House Trailers

Two duraluminum auto house trailers built by students of the Chaffey junior college aircraft department will be completed this week, according to Charles Turner, head of the department.

"As a result of the experience gained in working with sheet metal on these two jobs 25 students from the Chaffey shops have secured employment in Southern California airplane factories which utilize the metal skin practice in their airplanes," stated Mr. Turner. He also expects about five more local shop graduates to be placed in airplane factories witnin the next few weeks.

One of the trailers is of circular cross-section, stream lined in shape, with a stressed skin construction. This job was designed by Mr. Turner. The other house trailer, designed by Paul Burkofer, assistant in the department, is of metal tubular frame construction, with a sheeting of duraluminum covering it.

Two different principles were utilized in the construction of the trailers to find which was best for instructional purposes. Although they have no connection with aircraft, principles of aircraft construction have been used in both.

LOCAL 20-30 CLUB HOST TO DISTRICT

Noted Speaker Is Presented And Dinner Served to 65 Members

With a number of prominent district officials among the 65 guests present, the Upland 20-30 club was host Tuesday evening at a dinner meeting of the Five-City council of 20-30 clubs held in the Upland Woman's club house. Rollin Lemon, president of the local club, presided during the evening. Clubs in Ontario, Pomona, Azusa and Alhambra were represented.

Two professional entertainers from Hollywood, an accordion player and a soloist, were presented in several numbers and Francis Wilson, well known local tenor, sang three numbers, his accompanist being his mother, Mrs. Ralph J. Wilson.

By way of emphasizing the remarkable durability of the Constitution of the United States and the far-seeing wisdom of the men who wrote it, James R. Mussatti, the speaker of the evening, cited the fact that the great document has been amended but 21 times since its adoption a centuryy and a half ago.

Dr. Musatti, former instructor in U. S. C. and author of "Constitutionalism," a treatise on the Constitution, delivered a particularly interesting address. He pointed out the three-fold nature of the government provided for by the Constitution, the legislative, the executive and the judicial, and outlined the functions of each governmental branch and the fine system of checks and balances they provide.

Plans were made for attending the semi-annual meeting of the new district, recently formed by the consolidation of districts 4 and 5, to be held in Long Beach Sunday, when a district governor will be elected and several speakers will give special instruction to new officers. The Upland club is a member of district No. 5, part of the new district, and several of the local members expect to attend.

Among the prominent guests attending the meeting were Ed Lee of the Whittier club, governor of district No. 4; LeRoy Burns of Santa Ana, district No. 5; Dick Plummert of the National City-Chula Vista club and deputy district governor of district No. 5, and Don Strahl of Whittier, candidate for governor of the new consolidated district. A local visitor was Avery S. Allen, secretary of the Upland chamber of commerce.

Hollywood Bowl Features Four Ballets

Hollywood Bowl's fifteenth anniversary season of Symphonies Under the Stars, which opens July 7, will feature four brilliant and colorful ballets. Above is a group of Albertina Rasch dancers in ballet set for July 9; top row left to right: Adolph Bolm whose ballet will be given August 13 (later he will present ballets for two grand operas); Robert Tyler Lee and Martha Deane, three ballets will be offered July 30, and Serge Oukrainsky, producing a ballet for July 16. Ballets will be conducted by Richard Lert, Robert A. Shepherd, Frederick Stark, Nathaniel Finston.

Theaters, Programs For Week In Valley Given Review Here

"San Francisco" Starts at Fox Pomona Tomorrow

The words "Directed by W. S. Van Dyke" have become a guarantee of fine entertainment, with "Rose Marie," "Naughty Marietta," "The Thin Man," "Eskimo," and "Trader Horn" all being on this man's list. His latest success, "San Francisco," with Jeanette MacDonald, Clark Gable and Spencer Tracy, rates no less. Breath-taking scenes of the fire and earthquake that destroyed San Francisco form an impressive note accompanying the sweet romance of Miss MacDonald and Gable, who in this receives his strongest role to date. "San Francisco" starts Saturday for a limited engagement at the Fox theatre, Pomona, where it will be shown with the preview feature, "The Big Noise," starring Guy Kibbee.

Juice Fruit Pool Is Increasing Returns

The juice fruit pool, part of the recently inaugurated Orange By-Products fruit agreement placed in effect by the California Fruit Growers Exchange board of directors early in May, is already demonstrating its value to growers, says the Sunkist Courier.

The opening minimum price of $20 per ton for juice grade fruit has been substantially advanced and the Exchange has been able to sell readily all fruit available and expects to continue to do so throughout the season.

The stabilizing influence of this definite, contractual agreement and plan in effect throughout the Exchange organization, will do much to raise price levels on by-products and juice grade fruit for all growers. The improved market on fresh fruit due to the shorter crop and improved demand conditions, is also naturally an important factor in assuring better prices for lower grades this season. The situation is much different than it was last year and it remains to be seen what effect a more reasonable return to growers will have upon the whole canned orange juice business.

What She Saw

"Did you get the number of that car that knocked you down, Madam?" asked the bystander in Harper, rushing up to the unfortunate woman.

"No," she gasped, "but the hussy that was driving it wore a three-piece tweed suit with canton crepe and she had on a periwinkle hat trimmed with artificial cherries."—Wichita, Kan., Eagle.

County Farm Bureau Picnic on Saturday At Fourth St. Park

Many local members of the San Bernardino County Farm Bureau will be interested in the twentieth annual picnic to be held at Fourth street park in Ontario tomorrow. Families of members are cordially invited to be present and enjoy the day's events—and to take along a picnic lunch.

The morning will be given over to horse shoe pitching contests and other sports and recreation. Lunch will be served at noon, the county farm bureau furnishing lemonade, coffee, cream and sugar.

Following some 4-H demonstrations after the picnic dinner, C. E. Grier, chairman of the county board of supervisors, will discuss county tax problems, a topic in which all are interested and one on which Mr. Grier is an authority.

After Mr. Grier's address more sport events will follow, including a seven inning soft ball game, the 4-H club having challenged the farm bureau and only members of each organization being eligible to play.

It will be an enjoyable day and many are expected to attend.

Big Development and Building Program at County Fair Grounds

With the scheduled opening of the fifteenth annual Los Angeles county fair still some months away, workmen are entering upon the last stretch of one of the largest building and development programs in the history of the huge agricultural and industrial exposition. Details of the important improvements came to light with the announcement by Secretary-Manager C. B. Afflerbaugh that work would soon be started on two large livestock pavilions to replace those destroyed by fire earlier in the year.

The buildings will be of a temporary nature, for it is hoped that by another season steel and concrete structures can be secured through the WPA channels. One of the buildings will be 370x184 feet. It will have 11 barns under one roof, five for cattle, four for horses and two for hogs. The other building will be 290x88 feet and will house 10 barns, five for swine, one for goats, three for sheep and one for junior fair exhibits.

Five large new race horse barns have just been completed, giving facilities for housing 1000 horses on the grounds. Also completed is a fine two-story maintenance building.

A major portion of the improvement program centers about the grandstand and race track. The entire pari-mutuel plant is being replaced by new and larger buildings, including an attractive clubhouse with jockey quarters on the second floor. New paddock buildings are also being constructed. Some 9000 cubic yards of earth have been used in filling in ground about the grandstand, greatly increasing the standing room space commanding a good view of the track.

Agriculture Course For Teachers Is To Be Opened June 29

When the summer course in citriculture, sponsored by the state department bureau of agricultural education, opens at Chaffey junior college on June 29, more than 20 agricultural teachers in various high schools and junior colleges throughout the state will be in attendance, it is stated by Harry M. Alter, agricultural instructor at Chaffey, who has been appointed by the state bureau to direct the school.

The course, somewhat technical, is being presented for instructors and is not intended for growers.

The school will continue from June 29 to July 11 and not all sessions will be held in the junior college, a number of field trips being included in the course.

A number of prominent citrus experiment station directors and packing house and marketing association officials will address the teachers and demonstrate practical work in culture, harvesting and marketing of citrus crops.

Local men who will aid in presenting the course are Harry B. Harlow, Upland district manager for California Fruit Growers Exchange; L. R. Bradley, manager Upland Lemon Growers association; Enos F. Leaman, manager of the packing department of the Lemon Growers; George G. Laidlaw, grower and president of Upland Citrus association; Albert C. Reynolds, secretary of San Antonio Water Co., and California Mutual Water Co., and president of Chino Basin Protective association; Lynn S. Birdsall, secretary of Co-Operative Fumigation and Supply Co., and Royal V. Ward, manager and engineer for Cucamonga Basin association.

Fire Chief Reminds People That Caution Helps Prevent Fires

Extreme caution should be exercised by people during the summer months to prevent fires, said Chief Jake Voth today. Although the percentage of fires this summer is far below former years, carelessness in this regard may result in great damage.

"Of the 10,000 deaths caused by fire each year, 40 per cent are due to smoking in bed," says Chief Voth. "People should also be careful where they throw the remains of their cigarets, as a fire may easily start in a dry weed patch."

People going on vacations should make sure that all electrical appliances are disconnected. Fires are often caused through spontaneous combustion from a pile of oily cloths laying in an unventilated spot. Faulty wiring, or wiring that would not pass city inspection, is often the contributing factor in blazes.

Zimmerman-Dietrich Wedding Occurs in Ontario Church

At high noon Sunday, June 21, in the presence of approximately 75 guests assembled in the Evangelical church in Ontario, Miss Grace Dietrich of Ontario, daughter of J. J. Dietrich of New York, became the bride of Eugene Lloyd Zimmerman, son of Mr. and Mrs. Fred Zimmerman of 685 West Twenty-first street.

Baskets of pink gladioli and fernery placed beside the altar formed effective decorations for the occasion.

Preceding the ceremony Miss Thelma Coles of Chino sang "Song in My Heart." She was accompanied by Miss Katherine Henry of Ontario. Miss Henry also played "Sweet Mystery of Life" and for the processional and the recessional she played the "Bridal Chorus" from "Lehengrin" and Mendelssohn's "Wedding March."

The bride, who was given in marriage by her brother-in-law, Ralph Coles of Chino, wore a semi-formal, floor length gown of white taffeta, with small white hat and short veil. She carried a bouquet of white larkspur and maidenhair fern.

Mrs. Edwin Timmons of Chino, sisster of the bride, attended her as matron of honor. Her dress of cream colored organza also was floor length and she wore a large white hat and carried pink and blue larkspur.

The bridegroom was attended by his brother, Frederick Zimmerman, as best man.

The marriage service was read by the pastor, the Rev. E. W. Matz.

Following the ceremony 30 relatives and intimate friends gathered at the Zimmerman home on West Twenty-first street, where an attractivevly appointed wedding dinner was served, the handsomely decorated bride's cake and the wedding cake being cut by the bride.

Quantities of fragrant garden blossoms were used in decorating the home.

Mr. and Mrs. Zimmerman left for a motor honeymoon, the bride wearing a smart gray traveling suit with red blouse. They visited first in San Diego and continued their trip to San Jose.

The bride attended the Delano high school and later graduated from the Chino high school, while Mr. Zimmerman is a graduate of Chaffey high school. He is now employed with the Liberty Groves Operating Corp.

After July 1 Mr. and Mrs. Zimmerman will be at home at 34 East Arrow highway.

Mrs. Eckerman Hostess To Luncheon Club At Her Home

Mrs. Mary Eckerman was hostess Wednesday to members of the Afternoon Luncheon club when she entertained the members at her home, 477 Euclid avenue.

Luncheon was served at 12:30 and for her table decorations Mrs. Eckerman used gardenias from her own garden. Bouquets of mixed flowers adorned the rooms.

During the afternoon the guests found diversion at the bridge tables and at the conclusion of the tourney high score prize was awarded to Mrs. W. H. Tuttle with Mrs. W. H. Andrews taking the consolation prize.

Among those enjoying Mrs. Eckerman's hospitality were three guests, Miss Mary Nichols of Otterville, Mo., cousin of Mrs. W. H. Tuttle; Miss Ruby Moser and Mrs. V. H. Wilson, and the club members, Mrs. Gust Anderson, Mrs. R. C. Norton, Mrs. Frank M. Baxter, Mrs. W. H. Tuttle, Mrs. W. H. Andrews, Mrs. F. W. Palmer, Mrs. L. E. Moser, and Miss Mina Ruesink.

Merry-Go-Round Club Is Entertained by Mrs. Goodrich

Members and guests of the Merry - Go - 'Round club were pleasantly entertained Wednesday by Mrs. Minnie D. Goodrich when they met at her home on West Sixteenth street.

Mrs. Goodrich served a delectable summer luncheon at 12:30, fragrant carnations being used as table decorations.

During the pleasant social afternoon the guests conversed on interesting topics while occupied with their needlwork.

Attending the luncheon party were two special guests, Mrs. E. A. Cooley and Mrs. S. G. Moore, and the club members, Mrs. Louise Wilson, Mrs. Sarah Nelson, Mrs. Hiram Waterman, Mrs. W. H. Scholten, Mrs. E. A. Eastlack, Mrs. W. F. Goodban, and the hostess, Mrs. Goodrich.

Printing that pleases at the Upland News. tf

Job's Daughters To Meet Saturday in Final Session

For the final session before adjournment for the summer, the Job's Daughters will meet in regular session in the Masonic hall in Ontario at 1:30 Saturday afternoon. The usual final school of instruction will be omitted.

Presiding for the first time, Miss Louise Evans, recently elected honor queen, will conduct the meeting.

Mr., Mrs. Kronmeyer Tell Engagement Of Daughter

At a charmingly arranged reception held in Hostess House in Ontario, at 8 o'clock Wednesday evening, Mr. and Mrs. Louis E. Kronmeyer, 447 Sixth avenue, announced the engagement of their daughter, Gertrude (Billie), and L. Richard Scheidt, son of Mr. and Mrs. J. P. Scheidt of McCook, Neb.

For the occasion the reception rooms were graced with many beautiful flowers.

Punch and confections were served during the evening, the Misses Doris Goodban and Betty Larkin presiding at the punch bowls and several other young girls assisting in the serving.

Concealed in the napkin with each service was a small green envelope inside of which each guest found a silver dove holding the tiny card that revealed the happy news. No date for the wedding was given.

During the evening Miss Peggy Grahame, accompanied by Miss Dorothy Benson, sang, her numbers, "I Love You Truly" and "At Dawning," emphasizing the romance theme.

Miss Kronmeyer wore a becoming frock of peach colored organza and her corsage was composed of flame colored roses and Transvaal daisies with a touch of blue delphinium. Mrs. Kronmeyer's gown was turquoise blue chiffon and with it she wore a corsage of small yellow lilies. Mrs. Scheidt's costume was a pink lace and her corsage was small pink asters.

Present for the reception, besides Miss Kronmeyer and Mr. Scheidt, were Mr. Scheidt's parents, Mr. and Mrs. J. P. Scheidt and daughter, Miss Mary Scheidt, of McCook, Neb.; Mrs. Kronmeyer's sister, Mrs. Garfield A. Robb of Gridley, and her brothers-in-law and sisters, Mr. and Mrs. Frank E. Williams of Beverly Hills, and Mr. and Mrs. Eugene W. Morse of Hollywood; Mrs. Harriet I. Kronmeyer of Hollywood, grandmother of the bride-elect; Mr. Kronmeyer's brother-in-law and sisters, Mr. and Mrs. Harold A. Dundas and daughter Betty Marie, and Mr. and Mrs. Homer Van Santford of Hollywood; Mr. and Mrs. Wm. C. Goetz and Mr. and Mrs. Frank Mitchell of Los Angeles; Don Boody and Gene Tribby of the U. S. S. West Virginia; Mr. and Mrs. William Hammond of Ontario, Mr. and Mrs. Frank J. Freeman of Cucamonga, Mr. and Mrs. Chas. O. Deverts, Mr. and Mrs. G. T. Redmon, Mr. and Mrs. Carmen S. Lehman, Mrs. W. J. Larkin, Miss Mildred Nicholson, Miss Betty Larkin, Miss Doris Goodban, Miss Peggy Grahame and Miss Dorothy Benson, all of Upland; Miss Ruth Halstead and Miss Marjorie Confer of Ontario.

Mr. Scheidt is engaged in secretarial work in the navigator's office on the U. S. S. West Virginia, recently returned to San Pedro from Panama.

Gillingwators-Goetz Wedding Lovely Home Affair

With the home prepared by the bridegroom for his bride as the charming setting for the wedding, Miss Doris Lucile Goetz, daughter of Mr. and Mrs. Luther S. Goetz of 1459 Gladstone avenue, San Dimas, and Ira Wilson Gillingwators, son of Mr. and Mrs. Joel Gillingwators of 1071 North Benson avenue, were united in marriage at 8 o'clock Wednesday evening in the presence of 30 relatives of the immediate families.

Preceding the ceremony, Miss Isabel Matthews of Ontario played three beautiful harp numbers, "Sweetest Story Ever Told," "I Love You Truly" and "All For You.' For the wedding march the "Bridal Chorus" from "Lohengrin" was played and during the ceremony Miss Matthews played softly "O Promise Me."

The bride, who was given in marriage by her uncle, Marcos George Howard of Huntington Beach, was smartly attired in a tailored white lace formal gown and she carried a lace handkerchief that her sister, Mrs. Ray Behm, carried at her wedding several years ago. Her bouquet was white carnations, gardenias and white larkspur.

Attending the bride as matron of honor was her sister, Mrs. Ray W. Behm of Ontario, who wore a gown of sand crepe in ashes of roses color, and she carried a quaint Spanish bouquet of blossoms in harmonizing shades.

The small nieces of the bride, Joyce Marie and Priscilla Lee Behm, both wearing pale yellow organdy frocks, served as ring bearer and flower girl.

Attending the bridegroom as best man was his cousin, Victor Beauchamp of Harvard, Ill., who came west especially for the wedding.

The double ring ceremony was performed by the Rev. Robert John Coyne of Harbor City.

The home was beautifully decorated for the occasion, salmon pink gladioli and blue delphinium being used.

Following the ceremony an informal reception was held and a wedding collation served, the bride cutting the handsomely decorated wedding cake.

Serving as hostesses were the bridegroom's mother, Mrs. Joel Gillingwators, wearing a black georgette gown with a corsage of pink carnations, and the bride's mother, Mrs. Luther S. Goetz, who wore a gown of white moire with a corsage of red carnations.

Mr. and Mrs. Gillingwators left at once for a short honeymoon and after July 5 they will be at home at 1540 Foothill boulevard.

The bride, who graduated from Bonita high school, Chaffey junior college and Santa Barbara State Teachers college, is a teacher in the LaVerne Heights school.

Mr. Gillingwators graduated from Chaffey high school and junior college and LaVerne college and he is now associated with his father in the citrus business.

Star Chapter Serves Watermelons After Regular Session

Regular business meeting was held Monday evening by Upland chapter, Order of Eastern Star, when the members gathered in the I. O. O. F. hall. Mrs. Earl C. Thomas, worthy matron, presided during the session.

At the close of the chapter meeting the members adjourned to the dining hall where a number of luscious watermelons were cut and served and a social hour was enjoyed.

Three Anniversaries Celebrated With Dinner Party

A triple wedding anniversary celebration was held Tuesday evening in Fellowship hall in the Methodist church, where a large number of relatives and friends gathered to participate in the observance of the forty - eighth anniversary of the wedding of Dr. and Mrs. R. C. Stone, the fortieth anniversary of Mr. and Mrs. Jason Read and the sixteenth anniversary of Mr. and Mrs. Stanley Read.

Special honor also was paid to Mrs. Betty Grover, sister of Mrs. Stanley Read, who will leave this week end for her home in Denver, Colo., after visiting here since early spring.

A birthday dinner was served early in the evening, the table being decorated with garden flowers in pastel shades and centered by a huge wedding cake baked by Mrs. Harry Jenison.

After the dinner a number of amusing and interesting experiences were related by the honor guests, Mrs. Stone read a poem and several of the guests sang a number of songs.

The Rev. Harry Sprague of Denver, brother of Mrs. Harry Jenison and a son of S. W. Sprague of San Antonio Heights, with Mrs. Sprague and their children, Paul and Roy, arrived from Denver in time to attend the dinner. They expect to remain here for a year.

Others present were Mr. and Mrs. Jasosn Read, Mr. and Mrs. Stanley Read and children, Evelyn, Stanley, Jr., and Paul; Dr. and Mrs. R. C. Stone, Mrs. Betty Grover, Mr. and Mrs. Gaymon of Ontario, Mrs. Helen Adamson of Denver, Mr. and Mrs. Corman, Mr. and Mrs. Harry Jenison and Marilyn and Lois; Mr. and Mrs. Lewis Jenison and Virginia, and Mrs. Lottie Jenison.

Mrs. Thomas Honored Guest at Bridge Luncheon

As a delightful courtesy for Mrs. Earl C. Thomas, worthy matron of Upland chapter, Order of Eastern Star, Mrs. Thos. H. Settle entertained with a bridge luncheon at Hostess House in Ontario Tuesday, her guests being worthy matrons of other chapters.

Mrs. Thomas' official color combination of coral and white was used in the table decorations and appointments, a charming effect being achieved.

The luncheon was followed by a bridge tourney, with high score prize being won by Mrs. Lucille Kuhns, matron of Euclid chapter, Ontario. Second prize was awarded to Mrs. Edith Mackey of San Bernardino and the traveling prize was captured by Mrs. Lucy Stevens of Pomona. A lovely guest prize was presented to Mrs. Thomas.

Those having the opportunity of being guests of Mrs. Settle were the honored guest, Mrs. Earl C. Thomas of the Upland chapter; Mrs. Mildrerd Chew of Covina, Miss Tillie Thomson of Glendora, Mrs. Clara Belle Woodbury of Fontana, Mrs. Lucy Stevens of Pomona, Mrs. Edith Mackey and Mrs. May Robinson of Gate City and Silver Wave chapters in San Bernardino, Mrs. Amanda Genson of Colton, Mrs. Faye Rodecker of San Dimas, Mrs. Mamie Stillwell, district deputy, and Mrs. Maude Williams of Big Bear, Mrs. Imogene Osbun of Redlands, Mrs. Lucille Kuhns of the Ontario chapter, and Mrs. Thomas' sister.

Miss Bailey Honored At Bridal Shower By Classmates

Honoring Miss Evelyn Bailey, daughter of Mr. and Mrs. Walter Bailey of Laurel avenue, who will become the bride of Darrel Loughead, son of Mr. and Mrs. A. L. Loughead of Ontario on July 11, Miss Dorothy Cameron, Miss Martelle Atwood and Miss Helen Ruth gave a miscellaneous shower Thursday afternoon at the Cameron home on Euclid avenue.

A pink and white color scheme was carried out in the decorations which consisted of large bouquets of gladioli. As each guest arrived she was presented with a lovely corsage.

Following the opening of the many gifts by the bride-to-be games were played by the group. At the close of the afternoon the hostesses served refreshments.

Those bidden to the party were the honoree, Miss Bailey; Miss Virginia Ireland of Covina, Miss Bobby Dale of La Verne, Miss Genevieve Lewis, Miss Gwendolyn Wight, Miss Beth Homewood, Miss Margrette Page, Miss Lucile Huston, Miss Jane Miller, all of Ontario; Miss Lucille Stipe of Cucamonga; Miss Evelyn Foote, Miss Margaret Harms, Miss Opal Lackey, Miss Dorothy Hendy, Miss Margaret Linsley, Miss Myra Head, Miss Nellie Jones, Miss Vivian Chambers, Mrs. Bailey and Mrs. Loughead.

Local orchestra leader wanted who can organize local musicians to play at Ice House Canyon resort. Phone 318-104.—George D. Allison.—adv. 16-tf

Edward Dart, medical student in Stanford university, returned to Palo Alto Tuesday after spending a 10 days vacation here with his parents, Mr. and Mrs. Ernest Dart, 1391 San Antonio avenue. Mr. Dart will do special research work in bacteriology during the summer.

Mrs. Robert E. Van Ness of the Van Ness water gardens on San Antonio Heights, was presented as the speaker as a recent meeting of the Pomona Community club and discussed "Culture of Water Lilies," a subject with which she is thoroughly familiar.

Mr. and Mrs. Ernest Dart had the pleasure of entertaining earlier in the week Mr. Dart's nephew and niece, Mr. and Mrs. Samuel Edward Dart of Saskatchewan, Canada, who came to California on their honeymoon trip. Mr. Dart is a merchcant in his home city and he and his bride are now enroute back to their home after visiting many places of interest along the coast.

Mrs. Lewis Westerburg submitted to a surgical operation at Lakeview hospital in Cleveland, Ohio, several days ago and is getting on as well as may be expected, according to word received here by Mr. and Mrs. E. O. Bowden. Mr. and Mrs. Westerburg recently canceled a proposed trip to Europe when it was found necessary for Mrs. Westerburg to undergo an operation, and they went to Cleveland in order that she might be near their son in that city during her illness.

From Skagway, Alaska, Mr. and Mrs. Leon Durham have written to friends here that they are having the most thrilling trip of their lives. Mr. and Mrs. Durham had practically given up their plans for an Alaskan trip because of the difficulty of securing passage on the crowded boats, but two weeks ago a ship company notified them of two cancelled reservations and with but two days preparation they were off to the northland. When the card was mailed they were preparing for a trip up the Yukon river to Fairbanks. At Skagway they saw a sign reading "City Limits of Los Angeles."

John Palmer, of the Palmer sports goods store, spent Sunday in Los Angeles with his relatives.

A marriage license has been issued in the San Bernardino court to Joseph Harvey and Grace Irene Summers of Upland.

H. A. Harrod of the WPA safety department in San Bernardino was in Upland Thursday afternoon. Periodic checks are made on all of the buildings occupied by WPA workers, and Mr. Harrod was going over the building on East Ninth street that is used by the WPA women who sew.

Mr. and Mrs. G. Vernon Sleuman and daughters, Georgia and Joan, of Mountain avenue, and Mrs. Sleuman's mother, Mrs. Winnie McCullough, 635 East Ninth street, left Wednesday for an extended trip north as far as Vancouver, B. C. The Upland people, who expect to spend some time in Seattle, Wash., where they will visit friends, were accompanid by Mrs Leland Ford, and daughter, Nancy Jean, and Miss Maude Hinman, Los Angeles

Almon Allen, Upland, connected with the Automobile Club of Southern California, is having his annual summer vacation and he and Mrs. Allen are in Vancouver, B. C., at least part of the time. Mr. Allen was entered in the golf tournament sponsored by the Pacific Northwest Golf association and being held at Point Grey Golf club. He was among those playing the early qualifying rounds, but we have not learned of his score. He is a member of Red Hill Country club.

Glenn M. Atwood is naving a vacation from his duties at the J. J. Atwood Co. store and he and Mrs. Atwood and their sons are spending the week at the home of his parents, Mr. and Mrs. J. J. Atwood, at Newport. The latter are here in Upland spending the week. Upon the return of the Glenn Atwoods the latter part of this week Mr. and Mrs. J. J. Atwood and grandsons, Jack and Bobbie Atwood, will go to Grass Valley, in the mother lode country near Sacramento, expecting to be away about two weeks. There they will visit at the Elmer Breckenridge home and on their way up will stop for a visit with the Dan Heenan and Robert Farrington families at Woodlake.

Home cooked foods at Johnson's Saturday. Townsend club. —Adv. 17-1

Victor Beauchamp, nephew of Mr. and Mrs. Joel Gillingwators, who came from Harvard, Ill., to be best man at the wedding of his cousin, Wilson Gillingwators, will remain with his relatives during the summer.

Miss Ruby Moser, daughter of Mr. and Mrs L. E. Moser, and her fiance, Daniel D. Worman of Nipinnawasee, filed notice of intention to wed in the county clerk's office in San Bernardino Wednesday. The wedding is to occur on July 17.

Following the Lions club convention held in Reno, Nev., which ends Saturday, Mr. and Mrs. Norman S. Lawson and Mr. and Mrs. Leigh Thompson will spend nearly a month fishing in northern California. The party plans to fish in the Feather River, Lake Almonor, and visit Mt. Lassen national park.

Miss Dorothy Thompson, 740 Washington boulevard, sailed this afternoon for San Francisco aboard the H. F. Alexander. She is enrolled in the summer school session which begins Monday at the University of California at Berkeley. Miss Thompson is a member of the faculty of the Fannie D. Noe school.

Mayor D. J. Cameron and Councilmen Fred E. Draper, A. H. Johnson and Ernest Olson plan to attend the monthly meeting of the Citrus Belt division of the California League of Municipalities to be held at Beaumont tonight. At these meetings the "city dads" get many valuable pointers on matters pertaining to running a municipality.

Mr. and Mrs. Edwin Wickstrom and baby of Beverly Hills are expected out this week end for a visit with Mrs. Wickstrom's mother, Mrs. W. H. Tuttle, and Mrs. Tuttle's cousin, Miss Mary Nichols of Otterville, Mo., who has been her guest for the past week. Miss Nichols expects to spend some time here and a number of pleasure trips are being enjoyed.

Miss Dora Jones of DePaw university, Indiana, spent Thursday afternoon with Miss Emma Lincoln at her home on First avenue. Many years ago, as a young girl, Miss Jones lived in Ontario and she told of driving her ponies and phaeton up and down Euclid avenue. Recently she spent two years in Greece in the interest of Near East relief.

Notes of Society

Business Women Will Change Meeting to Sponsor Play

Because the time for the regular dinner meeting of the club comes on the same evening, Wednesday, July 1, that the Federal Theatre Players are to present the comedy-drama, "The Country Fellow," in the Ontario junior high school, the Upland Business and Professional Women's club has postponed the meeting and instead will meet jointly with the Ontario Business and Professional Women's club on Tuesday, July 14, in Fontana for a dinner and swimming party.

The play to be presented by the Federal Theatres Players, all professional actors, is being sponsored by the Business and Professional Women's clubs in Ontario and Upland as a benefit for their treasuries. Both of the clubs do considerable welfare work, especially among school children.

Get Sunday supply at food sale at Johnson's Saturday. Townsend club. Good cooking.—Adv.

Dr. and Mrs. I. E. Larson and son Jack of Adams, Neb., were luncheon guests Wednesday of Dr. and Mrs. H. P. Doole on First avenue. Dr. Larson has just finished a post graduate course in dentistry at U. S. C. Los Angeles.

Mrs. Byron Crumbley (Ginevra Benner) sailed Saturday from Wilmington on the S. S. Lurline for Honolulu, where she will join her husband, who is stationed in Hawaii with the U. S. navy. Mrs. Crumbley taught during the past year in the Banning high school in Wilmington. She visited here with her mother, Mrs. Sadie Benner, before leaving for the islands.

Max Hawkins, who has just completed his sophomore year in the University of Chicago, reached Upland late Tuesday and will spend the summer here with his parents, Mr and Mrs. A. M. Hawkins on West Thirteenth street. Max motored west, stopping at Dubuque and Sioux City, Iowa, to visit with friends and relatives, and in Gering, Neb., he was joined by his relative, Merrill Moore of College Heights, who had been visiting in Nebraska, and the two boys returned home together.

Mary Brainard Tent President Given Shower

Mrs. Grace Colling, president of Mary Brainard tent, Daughters of Veterans, was pleasantly surprised last evening by members of the tent, when they arrived at her home in Ontario prepared for a contributed dish dinner. Mrs. Colling had expected the guests to gather at 7:30 for an evening party and the "ready to eat" dinner was an unexpected feature of the evening.

A second surprise for Mrs. Colling came when she was presented with a shower of handkerchiefs. Mrs. Colling and her family will leave next month for a tour of the national parks. The members presented hed with travel messages, all bearing different cates and to be opened during the trip.

The dinner was served on the lawn and some time was spent in playing games and discussing vacation plans.

Attending the party were Mrs. Harry S. Fies, Mrs. Minnie D. Goodrich, Mrs. Leslie Strawn, Mrs. Julia Culter, Mrs. A. B. Clark, Miss Helen Clarke, Mrs. Rose Burwell, Mrs. H. O. Henderson, Mrs. A. C. Smithburn, Mrs. J. F. Haddow, Mrs. C. D. Daniels, Mrs. Rose Wilde, Mrs. W. M. Stevens and Mrs. Sadie Benner, all of Upland; Mrs. Lita Gillilan, Mrs. Nelle Biering, Mrs. P. C. Ratcliff, Mrs. Sarah Nelson, Mrs. Alice Reed, Mrs. Laura Holsclaw, and the hostess, Mrs. Grace Colling and her daughter, Miss Ruth Colling.

Friends Entertained At Bridge Party At Allen Home

Mr. and Mrs. Elmer R. Allen had the pleasure of entertaining a number of friends Monday evening at their home, 671 East Eleventh street, the occasion being the meeting of their bridge club.

When not engaged in merry conversation the guests and their hosts played bridge, cumulative scores being kept during a series of tourneys that will end in midsummer.

The serving of tempting refreshments was a pleasing conclusion of a very enjoyable evening.

Attending the party were Mr. and Mrs. Nellis McNeal and the club members, including Mr. and Mrs. C. Ernest Olson, Mr. and Mrs. Fred R. Rickel, Mr. and Mrs. John Jellison, Mr. and Mrs. Alvin Finn, and Mr. and Mrs. Elmer Allen.

Some Bard—with a Song in his heart and a pencil in his hand—remarked: "Summer are here." We add our supporting testimony. We Like It! The Girls of Mac's Trusty Crew admire it!

The queue of Customers seeking the Solace of Soul-Satisfying-Sodas, Gastronomic diversion and a few courses in Cheerful Chatter line up at the FOUNTAIN OF YOUTH and One Blissful busy day follows the next.

ABOUT MAC'S MAMMOTH MALTED MILKS

Experience with people, their wants, desires, thirsts and tastes has helped us improve the quality, flavor and texture of our drinks continuously.

Wholesome whole milk, frozen almost as thick as sherbet; sweet custard cream—the same excellent syrups as we use universally at THE FOUNTAIN OF YOUTH—and Horlick's Malted Milk make MAC'S MAMMOTH MALTED MILKS what most people say: Distinctively good any—may we add—wholesome to the highest degree.

MAC'S PERFECTION ICE CREAM is an Extra Rich Catering Cream made for us by O.-U. We serve this in several flavors over the Mahogany Bar. In Seal Right Paper containers it is 25c the pint or 50c the quart. Regular O.-U. in pint pails at 15c each.

This week, besides our French Vanilla, Fresh Fruit Strawberry, Dutch Chocolate and several Fruit Sherbets—we are FEATURING FRESH SEEDLESS YOUNGBERRY ICE CREAM. Personally we think it is especially dee-licious in color, flavor and texture. A quart of this will also convince you—and your family.

—MAC SAYS SO!

Warmer weather brings our demand for HOT WEATHER FOODS. We just like to keep a jump ahead of the weather man, so we beat him to the punch—and our Eating Clientele just go for it.

—MAC SAYS SO!

SOUL SATISFYING SODAS—Great Dripping Root Beers, Jumbo Ice Creamy Sodas—Well—No Nickle or Dime but throws out its chest and "Goes to Town" when it's spent for any one of these good things.

CHAFFEY STUDENTS HONOR PODRASNIK

High School Executive Committee Presents Veteran Uplander Medal

In recognition of his loyal friendship for Chaffey, the executive committee of the high school student body called on Alois Podrasnik, veteran Uplander and friends of the institution, Wednesday and presented him with the Chaffey honor reward medal.

The Chaffey honor award is a new design adopted by last year's executive committee. It makes use of the same theme as the Chaffey banner—black stripes on an orange field symbolizing the sections of the Chaffey Union district. This medal is to be used wherever honor and achievement are recognized.

The executive group met for the purpose of adopting a budget and making plans for next year. At the close of the meeting they called on Mr. Podrasnik. Those present were: Walter Mertz, president; Janice Nesbit, vice-president; Mary Margaret Fleming, treasurer; Floyd Tift, advertising manager; Barbara Phibbs, president of Girls' League; Charles Bleick, vice-president of senior class. Richard Johnson, president of sophomore class. O. E. Snyder, faculty advisor. E. W. Fischer, principal.

Mr. Podrasnik's friendship toward Chaffey has been evidenced a number of times in various ways and it was fitting that appreciation should be expressed to him in this manner.

Girls Will Play at Y.M.C.A. Night Ball Benefit Performance

Two of the fastest girls night ball teams now organized will appear on a double header benefit night for the Y. M. C. A. on the Ontario night ball park July 9 at 8 p. m., according to U. J. Schmit, head of the local night ball league.

Jimmy Dixon's girls team, featuring Lois Terry, acclaimed as the ace girl pitcher in the United States, will meet the Camed sporting goods team from Los Angeles, which as yet is undefeated. In the men's game, Victor McLaglen's Los Angeles all-stars will meet a team of all-stars picked from the local teams.

The entire gate receipts from these games will go to the Y. M. C. A. for furtherance of boys work. As there is no paid membership among the youths, the burden of expense has always been placed upon the community. During the last year the organization has contacted 1,000 youths.

Tourist Season to Eclipse Last Year

Southern California's current summer tourist season promises to eclipse last summer's total in the volume of out-of-state automobile, air, bus, rail and steamship travel to this area during the next three months.

Such is the opinion of travel authorities as presented in answer to a nation-wide survey completed by the All-Year club and announced by Don Thomas, managing director.

"This conclusion is supported in the form of a 21 per cent increase over last year in direct inquiries responding to Southern California's spring national advertising campaign," said Mr. Thomas.

"A total of 83.3 per cent of the travel experts reveal a unanimous opinion that California will secure more travel than last summer, 14 per cent believe our tourist volume will run about the same, while 2.7 per cent predict a smaller volume than a year ago."

Symphony Orchestra Plays at Exposition

The 86-piece San Diego Symphony Orchestra, conducted by Nino Marcelli, will present a series of 32 symphony concerts in Ford bowl at the California-Pacific International exposition, San Diego, beginning Friday, July 10, it is announced by the Engel Motor Co., Upland Ford dealers.

These concerts will be presented by Ford free to all visitors to the exposition and will be heard for two hours each evening except Monday, and on either Saturday or Sunday afternoons.

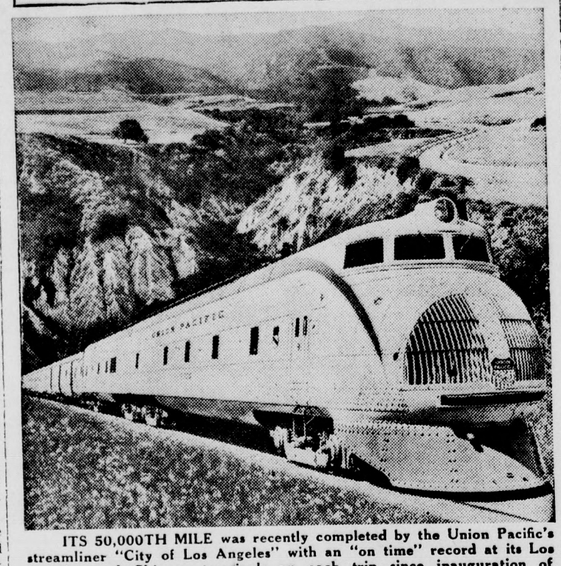

On Tuesday, August 11, immediately following the San Diego Symphony's engagement, the San Francisco Symphony orchestra of 70 pieces, under the direction of Alfred Hertz, will begin a series of 14 concerts on the same schedule. The series will end Aug. 23.

About Fed Up

Three policemen (strolling in): "What's the chance for a bite, Bridget?"

Bridget (cook in rich man's kitchen): "I've fed ye for a year, nd not a copper did I get!"

Twice 'Round-the-World

ITS 50,000TH MILE was recently completed by the Union Pacific's streamliner "City of Los Angeles" with an "on time" record at its Los Angeles and Chicago terminals on each trip since inauguration of scheduled service.

The "City of Los Angeles" is one of a fleet of six streamliners operated by the Union Pacific and illustrates the trend of modern railroading to light-weight streamlined speed trains.

Wednesday praise and prayer service at 7:30 p. m.

Friday Y. P. cottage prayer meeting at 7:30 p. m.

Union Services for Summer Announced

Following the annual custom of the two churches, the Methodist and Presbyterian congregations will hold union services during the months of July and August.

During July all church meetings, including the regular Sunday services and the Wednesday evening prayer meetings, will be held in the Presbyterian church, while for the August services the two congregations will meet in the Methodist church.

During both months the Sunday schools will meet as usual in their respective churches.

Superior Court Seeks Mendoza Information

Trial of Cayetona Mendoza, who was this week turned over to answer to the Superior court will be held in Superior court at San Bernardino Monday. Preliminary trial in Justice Fred H. Jacob's Upland court was waived.

Mendoza is charged with illegal possession of a liquor still. His home near the west county line was raided several months ago by Constable Cecil Myers of Upland and Deputy Sheriff Jack Brown of Cucamonga. The still was seized, but Mendoza was not found at the time.

Recently officers apprehended Mendoza at Carlsbad and brought him here to answer to the charge. Raymond E. Hodge is acting as Mendoza's attorney.

Salt and pepper
Rub meat well with mixture of oil, lemon juice, onion and seasonings. Brown in heated shortening and place in covered container, half filled with boiling water. Bake in moderate oven (350 degrees F.) until tender—about 2½ hours. Recipe serves six.

CHAFFEY LIBRARY BUYS NEW BOOKS

All Attendance Records at New Memorial Library Are Broken

Nine hundred and five new books will be added to the new Chaffey Memorial library next week, according to the yearly report of Mrs. Verna E. Clapp, head librarian, which will be presented to Superintendent Gardiner W. Spring next week. This is an increase over the year 1934-1935, when 766 new books were purchased.

These books will represent an expenditure of approximately $1,000, which was provided for in the budget of the year just completed. Two girls in charge of Miss Adaline Nyberg will be employed in a WPA project for which $220 has been appropriated, in cataloging and placing the books on the shelves to be used next year.

Indications that the new library, which was completed at the first of the school year just over, will soon have to be enlarged are seen in the number of students who have been using the facilities there. As an illustration, the junior college reading room seats 136 and last year Miss Nyberg counted as many as 153 students in the room during one period.

Attendance at the new library this year has eclipsed by far any preceding year, the report shows. During the year 1935-36 an attendance of 157,370 teachers and students used the library, while in 1934-35, 112,108 persons were tabulated. This shows a gain of more than one-third, or 45,262.

During the past year the 27,000 books that have been in the library had a total circulation of 85,595 times, an increases of 9,932 over the 75,673 of the year 1934-35. These figures include both the high school and junior college divisions.

Figures for the junior college reading room, compiled by Miss Nyberg, show that the majority of reference work done in the library is by junior college students, which never in the past years has been the case. The year just completed showed an attendance of 87,363 by jaysee students, nearly 20,000 more than the year preceding, when 67,823 were counted.

Persons wishing to use the library during the summer may do so on any week day, as there will be someone there at all times cataloging the new books. Whether the request for the appropriation for the six girls who assisted in the library under the WPA the past year will be approved for next year is not as yet officially known, but unofficial word from San Bernardino is to the effect that they will in all probability be retained.

Several valuable gifts were presented the library last year. Alois Podrasnik gave a file of bound National Geographics dating from 1912 through 1935; Miss Edna M. Lawrence, a graduate of the high school class of 1914, now a missionary in Korea, presented a beautifully illustrated book of native wild flowers in Korea; C. C. Graber gave several beautiful old books of European travel and three books on the Chicago fair of 1893. Dr. Luther Freeman of Pomona completed the vacancies in the files of the magazine "Outlook."

OFFICERS ELECTED BY SERVICE CLUB

Glen McLaughlin Named to Lead Cucamonga Club During Meeting

Featured by the annual election of officers, in which Glen McLaughlin was named president, the regular meeting of the Cucamonga Service club was held Wednesday evening in the rear garden at the home of William Hutton on Hermosa avenue.

Ralph Santolucito, retiring president, presided during the brief business session and the officers elected, in addition to Mr. McLaughlin, are William Hutton, vice-president; George Mahan, secretary-treasurer; O. P. Whitney, Fred Owings, Judge James Sharp and Eldon C. Atwood, directors. The board of directors also will include the new president and vice-president, and the past president.

Mr. McLaughlin's election to the presidency was voted in recognitions of his loyal and efficient service to the club in past years. When it recently became known that he is to be promoted and transferred to Montebello by the Union Oil Co., for which he is district distributor, the Service club members decided to make no change in their plans to elect him president and they proceeded to confer that honor upon him Wednesday night. The executive board will decide upon Mr McLaughlin's successor after his departure.

Preceding the meeting the men participated in a Dutch supper served on the picnic tables in the garden.

The next meeting of the club will be a dinner dance held at Red Hill Country club some time during the second week in July when the new officers will be installed.

The young bride was extolling the virtues of her husband to a friend.

"George is just the most generous man in the world," she declared. 'He gives me everything credit can buy."—Pearson's.

DISCUSS MORNING LIBRARY OPENINGS

Board Will Consider Plan and Present Findings to City Council

A proposal to keep the Upland public library open three hours in the morning during each week will be discussed by the library board at their next monthly meeting, July 9, according to Mrs. F. H. Manker, librarian.

"We feel that many people will be benefitted by the increased service that will be available by morning opening," says Mrs. Manker. "Many women come down town to do their shopping in the morning and are denied the library privileges because it is not open. People who are employed in the citrus houses and other industries would then have use of the library during their noon hour.'

The cost of operating the library during the morning would be only $300 per year for the three additional hours. This would be divided $225 for salaries of assistants, and $25 for light and heat. If the library board feels such an expansion is feasible, they will present the idea to the city council. The librarian pointed out that the Upland library is the only library in California of this size and representing a community of this population that is not open in the mornings.

Mrs. Manker, in commenting on the many uses of the library and its services, remarked about the kind of people who come there and the uses they make of the institution.

"It is curious to note that people engaged in heavy mental work nearly always read light fiction. They diverge greatly in the type of reference reading they do, which is generally of a heavy nature, and the light fiction that they enjoy for relaxation. As a rule women use the library much more than men. However, men who come to the library generally stay longer and do their reading in the reading rooms, while women take their books home to read. Children also use the library a great deal.

"There are several interesting characters who use the library day after day. One very courteous and appreciative old man is an advertent reader in all the libraries in this district. He asks very intelligent questions and follows the current affairs religiously through the medium of the facilities offered in the library. I always like to help people with their reference questions because in looking things up for people I learn so many new things. I often receive letters from people who have moved or gone on vacations to look up unusual questions."

If such arrangements could be made, Mrs. Manker would like to centralize all elementary school library work in the public library. In this manner, she thinks, duplication could be prevented in individual school libraries, and much more extensive work could be done along child reading education.

Lots

BEAUTIFUL VIEW LOTS on Red Hill, 70 to 80 feet front; no frost, fog or smudge; exclusiveness and privacy, away from the noise of traffic. All improvements, gas, electricity, water, streets, curbs; no assessments; only county taxes. Approved by Federal Housing Administration for building loans up to 80% of total value of house and lot. NOTICE OF MEETING OF THE COUNTY BOARD OF EQUALIZATION

Notice is hereby given that the Board of Supervisors of San Bernardino County, State of California, will meet on Monday, July 6, 1936, at the hour of 10:00 o'clock a. m., at the office of said Board of Supervisors in the Court House in the City of San Bernardino, County of San Bernardino, State of California, to examine the Assessment Books and equalize the assessments of property in the County of San Bernardino. Said Board will continue in session for that purpose from time to time, until the business of equalization is disposed of, but not later than the third Monday in July, to-wit: July 20, 1936.

HARRY L. ALLISON,
County Clerk and Ex-Officio Clerk of the Board of Supervisors
17-1 By F. J. Atkinson, Deputy

NOTICE OF TRUSTEE'S SALE

No. SB-9470

On July 7, 1936, at 10:00 o'clock a. m., PIONEER TITLE INSURANCE AND TRUST COMPANY, as Trustee under Deed of or Transfer in Trust dated September 1, 1931, recorded September 4, 1931, in Book 739, page 377, of Official Records, in the office of the Recorder of San Bernardino County, California, and securing, among other obligations, one note for $1,000.00, dated September 1, 1931, in favor of Empire Realty and Mortgage Company, Ltd., a California corporation, and assigned to Albert Billington, by reason of now continuing default in the payment or performance of obligations secured by said deed or transfer, including the breach or default notice of which was recorded in the office of the County Recorder of San Bernardino County, California, by the Beneficiary and the undersigned more than three months prior to the date hereof, will sell at public auction to highest bidder for gold coin or lawful money of the United States of America at the northern entrance of the County Court House in the City of San Bernardino, California, all right, title and interest now held by it under said Deed or Transfer in the property situate in the City of Upland, County of San Bernardino, California, described as:

Lots 26, 27 and 28, in Block 48, Magnolia, as per plat recorded in Book 9 of Maps, page 15, records of said County.

Together with all appurtenances.

Said sale will be made (without covenant, or warranty, express or implied, regarding title, possession, or encumbrances) to pay the unpaid principal of said note, to-wit $1,000.00, with interest from March 1, 1933, less $25.00, as in said note provided, advances, if any, under the terms of said Deed or Transfer, and fees, charges and expenses of the Trustee and of the trusts created by said Deed or Transfer.

Dated: June 11, 1936.
PIONEER TITLE INSURANCE AND TRUST COMPANY, as Said Trustee.

13-3FO Its Secretary

Science acclaims Listerine's deodorant power

New exhaustive tests by noted chemists reveal Listerine's amazing power as a mouth deodorant. Says one noted authority: "Listerine promptly overcomes odors that ordinary mouthwashes fail to mask in 4 days. It is therefore the ideal treatment for halitosis (bad breath)."

Use Listerine morning and night and between times before meeting others. Lambert Pharmacal Co., St. Louis, Mo., U. S. A.

LISTERINE
promptly ends odors ordinary antiseptics can't hide in 4 days

EVEN IN
Marrying
IT'S SMART TO BE THRIFTY

The modern bride doesn't waste important money on engraving plates she may never use again. Instead, she invests quite inexpensively, but most appropriately, in the clever "Art-Point" Announcements created by the approved Thermographic Process. May we show samples?

. . . as little as $4.75 for 25 or $8.00 for 100 . . .

MORE THAN 800,000 NEW 1936 CHEVROLETS have been sold

America is giving overwhelming preference to Chevrolet because it's

The only complete low-priced car

MORE than 800,000 new 1936 Chevrolets have been built and sold—*more than four-fifths of a million since announcement day*—the largest volume of business that Chevrolet has enjoyed in any comparable period in its entire history!

America is choosing Chevrolet because America is convinced that Chevrolet represents the most motor car for the least money.

"The most motor car," because it's the *only* low-priced car with all the vitally important features listed below.

And "the least money," because Chevrolet's low purchase price and low maintenance costs make it the most economical car to own.

Place your order for a Chevrolet—*the only complete low-priced car!*

RYAN TELLS LIONS OF LIGHT BENEFIT

Good Light an Aid, But Improper Light Results In Eye Strain

Discussing "The Conservation of Vision" Dr. Ralph Ryan, a local optometrst, spoke before the Upland Lions club during their noon meeting at Red Hill Country club Thursday noon.

With E. C. Rosenberger presiding, Walter Horak, program chairman, introduced the speaker. Attendance at the meeting was somewhat diminished because a number of the members are attending the convention at Reno, Nev.

Dr. Ryan told the Lions the benefit to people's eyes by having proper lighting. He said it is easier to prevent eye trouble than to correct it. Proper lighting is one of the best things any business can have, and improper lighting is one of the worst. This also is true of schools, factories, stores, offices and homes.

Delegates to the convention at Reno include J. W. Mehl, secretary of the local den; Norman S. Lawson, Earl Marsh and Leigh Thompson. The sessions continue until Saturday.

At the Churches

FIRST MENNONITE
Lester Hostetler, Minister

ALTA LOMA-CUCAMONGA

F. S. G. Club Entertained

Members of the F. S. G. club had the pleasure of being guests of Mrs. Vivian M. Santolucito, 208 West Foothill boulevard, Wednesday evening when she entertained at bridge.

At the conclusion of the tourney the hostess presented high score prize to Mrs. Grant Beck and low score award to Mrs. A. H. Morris.

The serving of delectable refreshments concluded the very pleasant evening.

Mrs. Santolucito's guests were Mrs. Claude McKee, Mrs. Arthur Allen, Miss Edith Goldsmith, the latter from Pomona; Miss Alice Hawker, Mrs. Ednund Hogancamp, Mrs. H. W. Klusman, Miss Margaret Wilson, Mrs John McKee, Mrs. Grant Beck, Mrs. Poli Sanchez, Mrs. Marvin Wangler, Mrs. John Botti, Miss Mary Santolucito, all members of the club, and Miss Rose Santolucito and Mrs. A. H. Morris.

Mrs. Harold B. Cady and two daughters, 273 Lomita drive, Alta Loma, left Thursday for Los Angeles, where they will spend part of the coming month visiting with relatives before sailing on July 24 for their new home in Honolulu. They also will make visits in San Diego and in Santa Barbara. Mr. Cady left a month ago for Honolulu, where he is to serve in the U. S. horticultural department of the University of Hawaii. Mrs. Cady has been extended a number of delightful farewell courtesies during the past few weeks.

Glen McLaughlin, 118 West San Bernardino avenue, Cucamonga, district distributor for the Union Oil Co., has been promoted by his company, being placed in charge of a larger district with headquarters in Montebello.

Mr. and Mrs. McLaughlin, who have lived in Cucamonga for the past four years, and their two children will leave Monday for their new home at 136 South Maple avenue, Montebello.

Farm Bureau Chorus Planned at Picnic

At the county farm bureau picnic to be held at Fourth street park in Ontario tomorrow plans will be discussed for the formation of the chorus which is to be formed by farm bureaus of the state to present selections at the national farm bureau convention in Pasadena Dec. 9 to 11. For this chorus this county is expected to furnish about 60 voices, Mrs. A. A. Grant of Chino to be in charge of direction here. Most members of the state chorus will be from Southern California

The state farm bureau convention will also be held in Pasadena, the dates being Dec. 7 and 8.

ETIWANDA

ETIWANDA, June 26.—The bridge benefit held in the Service club rooms of Cypress hall Wednesday evening by the magazine committee of the P.-T. A., under the direction of Mrs. Thomas Donnelly, chairman, was a very pleasing event. The hospitality committee served sandwiches and coffee at the card tables at the close of the evening. Forty-five guests were in attendance.

Mrs. Del Beekley (Marjorie Frost) and daughter Carolyn of San Diego are here for a two weeks visit at the home of the former's grand parents, Mr. and Mrs. George Frost. Mrs. Mamie Cour, who looks after the Frost home, is visiting her daughter, Miss Dorothy Cour, in Ontario at present.

Mr. and Mrs. W. A. McKee and family returned home Monday night after a five days motor trip to northern California. They spent last Thursday in Yosemite valley and found nature at its best there, with the waterfalls running full and wild flowers blooming in profusion.

Edward Appell and Howard Utman spent the week end at Ensenada with a Boy Scout group.

Dale Dooley of Pomona is a guest at the home of his aunt, Mrs. Thomas Donnelly, and family.

Mervyn Fowlks joined Mrs. Fowlks and their baby son Robert at the home of her parents, Mr. and Mrs. Wm. McClean, here for a week end stay. They are spending this week with Mr. Fowlks' parents in Redlands.

Arno E. Myers, principal of the Etiwanda grammar school, attended a board meeting here Wednesday evening. Mr. Myers is now attending a summer session at Claremont Colleges.

Mr. and Mrs. Cyrus McClean of Santa Monica left Saturday morning on a motor trip to Minnesota for a month's visit with Mrs. McClean's relatives.

Robert Gilhus and Royal Kiely of Olympia, Wash., were overnight guests here Tuesday enroute from a trip to Detroit, stopping for a visit with the former's aunts, Mrs. J. S. Johnston and Mrs. Glen Shepherd and families.

Bruce Rader of Bremerton, Wash.; Mr. and Mrs. Tye and family of Orange City, Iowa, and Miss Elizabeth Tye of Pasadena were guests of Mr. and Mrs. Chas. Donnelly and family Friday evening.

Mr. and Mrs. Lytle Williamson and children and Mr. E. S. Allen of Cucamonga and Dr. and Mrs. W. H. Rockey of Ontario were guests of Mr. and Mrs. H. A. Allen Sunday.

Mr. and Mrs. Geo. McGuire and Mrs. Walter Barnes motored to Los Angeles and Long Beach Wednesday night. They called at the home of Mr. and Mrs. Will Brickley in Los Angeles. Mr. Brickley had just returned from the hospital, where he underwent an operation for appendicitis.

Mr. and Mrs. C. C. Brownless and family were guests at a family dinner at the home of their daughter, Mrs. Katherine Carr of Tejunga, Sunday. They were accompanied home by their grandson, Kenneth Venn, and Mrs. Brownless' sister, Miss Katherine Johnston, who arrived recently from Vineland, N. J.

The second section of the Ladies Aid society will hold a benefit entertainment and candy sale on the school ground Tuesday evening, June 30, with a program consisting of a one act comedy, "A Little Mistake," and music by Negro entertainers from the Alta Loma C. C. C. camp.

Rev. Harold V. Hartshorn, pastor of the Etiwanda Congregational church, will speak from the topic, "How to Read the Bible: Is It Sense or Nonsense?" with special reference to the Book of Revelations. Mrs. Hartshorn will sing "O Love That Will Not Let Me Go."

Women WPA Workers Sew Many Articles

Twenty-eight local women employed by the WPA at the sewing room, 167 East Ninth street, have during the past month produced many machine made and hand made articles, which are being given to the needy of the district.

According to figures obtained at the local sewing headquarters, the employes have made 200 women's house dresses, 180 men's and women's handkerchiefs, 300 towels, 3 comforters, 1200 pairs of women's underclothing and 20 quilt tops.

Sheets, pillow cases, baby clothes and all kinds of children's, women's and men's wearing apparel have been made in this project. These women are working under the WPA which has alloted a large sum of money to be used to relieve unemployed seamstresses.

CITY BRIEFS

Avery S. Allen, secretary of the Upland chamber of commerce, is attending a meeting of Southern California chamber of commerce secretaries in Los Angeles.

Mrs. Garfield A. Robb of Gridley, who came down to attend the reception at which the engagement of her niece was announced, is remaining a few days to visit with her brother-in-law and sister, Mr. and Mrs. Louis Kronmeyer.

Dr. and Mrs. W. H. Craig and son Bunny of 549 Laurel avenue are leaving next week on a two week vacation trip to Wyoming. While in Wyoming, Dr. Craig and family plan to visit Yellowstone park and various other points of interest.

Mr. and Mrs. W. E. Boulton, 406 Euclid avenue, had the pleasure Wednesday of entertaining Mrs. Boulton's cousin, Dr. Ferrel Moore, who is physician on the S. S. Monterey, large passenger liner plying between Pacific coast ports and Australia.

A son was born to Mr. and Mrs. Thomas Ralph Herndon (Betty Boulton) Wednesday morning at the San Antonio Community hospital, and the maternal grandparents, Mr. and Mrs. W. E. Boulton, 406 Euclid avenue, are sharing in the congratulations of their many friends. The baby weighed nearly seven pounds and has been named Thomas Ralph Jr. Mrs Herndon and her small daughter came up from their home in San Francisco Del Oro, state of Chihuahua, Mexico, early in May and have been visiting since then with Mrs. Herndon's parents. Mr. Herndon is a mining engineer in Chihuahua.

No Need for Two

The man writhed in the barber chair.

The barber was dull, and his razor seemed to share his disappointment.

"I've just about decided to open a butcher shop," he said, reaching for the powdered astringent.

"And you will close this one?" his victim gasped feebly.

About 160 great gambling casinos are licensed to operate in France despite a ruling that gambling is illegal in that country.

Jimmy—So Elsie told you I was witty, did she?

Toni—Well, she didn't express it exactly that way. She said she had to laugh every time you opened your mouth.
